MEMORANDUM FOR: All NIS Recipients

FROM : National Intelligence Survey Committee

SUBJECT : NIS User Questionnaire

1. National Intelligence Survey Program emphasis since 1963 has been on the production of the single-volume *General Survey* on all areas of national security interest. Revised periodically, the *General Survey* is supported by detailed topical units produced on a highly selective basis; it is complemented by the semiannual NIS *Basic Intelligence Factbook*, which provides interim updating of basic data for all NIS Areas.

2. The attached questionnaire is an integral part of an overall effort to assess the validity of the current NIS structure and emphasis, to ascertain the utility of the Program, and to determine how it might better serve user needs. Because the data compiled from the questionnaire will be critical to future NIS planning, please respond fully and precisely to all questions that apply to you. The completed questionnaire should be returned as soon as possible but not later than 1 March 1969 using the envelope provided.
